Spills and Disposal

**Spills &
Disposal**

Laboratory quantities may be washed to drain with large quantities of water.

Spills & Leaks

Remove all sources of ignition. Increase ventilation. Evacuate all unnecessary personnel.

Wear respiratory protection as specified in the Protective Equipment section of this MSDS.

Dampen spilled material with water to avoid airborne dust, then transfer material to a suitable container. Use absorbent paper dampened with water to pick up remaining material.

Wash surfaces well with soap and water. Seal all wastes in vapour tight labelled plastic containers for eventual disposal. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.

Disposal

Dispose of in accordance with all Local, State, and Federal regulations.

Fire/Explosion Hazard

**Fire/Explos.
Hazard**

Not flammable.

**Spills &
Disposal**

Decomposition

IMPORTANT ADVICE:

This MSDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including its use in conjunction with other products. If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact Asia Pacific Speciality Chemicals. Our responsibility for products sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available on request.
